

In an effort to continue building the GOOOH team nationally, we have launched a program to offer the endorsement of GOOOH to any non-incumbent candidate who meets the following criteria. We have contributed \$1,000 to several GOOOH endorsed candidates, though we cannot make any promises about how long we'll be able to continue doing so. Note that candidates can run the selection process AFTER the filing deadline to receive the endorsement, though we of course hope that it will be done prior.

To receive GOOOH's official endorsement, the following conditions must be met:

- a) There must be a district leader, registered with GOOOH
- b) There must be at least 24 registered GOOOH members participating in a first round selection sessions (4 groups of 6 or more)
- c) There must be at least 8 registered members participating in the final round
- d) All participants must have completed the Questionnaire online
- e) All participants must have signed the Commitment Agreement
- f) The endorsed candidate must agree, in writing, to vote for Term Limits if it ever comes up for vote, and understands that GOOOH will not support him/her for more than two terms.
- g) The candidate must be chosen by his peers in the selection process
- h) There must not already be another GOOOH candidate, official or endorsed, in the district
- i) The candidate must either use the GOOOH provided website (www.candidatename.goooh.com), or show the GOOOH logo and link to GOOOH from their own website

The leadership team in the district may choose not to endorse a candidate, and we will not endorse more than one candidate in any district. Endorsements may be withdrawn at any time for any reason.
